

B. S. A. Troop 442

June

outing **White Water Adventure**

Event Description

Boy Scout Troop 442 will be participating in a White Water Adventure trip.

This event has three major events, which include raft on the New River, Mountain Biking along the New River Gorge and an activity called tree tops.

The scouts will stay in "bunk houses" and will eat in the dining hall at the outfitters.

Additional Information

We have worked hard to keep the cost of this event down. We have negotiated a special rate with an outfitter that we have used before. The troop will also supplement the cost of the trip.

Younger scouts will raft on the Upper New River. This Upper New River trip takes you through exceptionally scenic canyons on relatively calm water with a few easy rapids and plenty of places for playing or just hanging out.

Older scouts will raft on the Lower New River. Rafting the Lower Section of the New River in West Virginia, from Thurmond to Fayette Station in the picturesque New River Gorge, is one of the most popular white water rafting trips in the country. This trip provides enough challenges to thrill even seasoned veterans, but is also excellent for first-timers

All scouts will go on the Mountain Biking and "Tree Tops" activities. The bike ride is along the New River Gorge.

Have you always wanted to be like Tarzan, swinging through the trees, wind in your hair, zipping from tree to tree deep in the middle of the jungle?

Well, we're missing the anacondas and the scary spiders. But we do have squirrels and mosquitoes and enormous Hemlocks with "vines" to zip from tree to tree. Ok, the vines are more like a double-cable system coated with nylon to make the zip smooth and quiet.

Travel & Cost Information

Departure:

Date: June 24, 2010
